

Hey guys,

Regarding your request for more look-alikes, a friend and I have always thought Perchy looks a bit like one of the velociraptors from *Jurassic Park*. It's the nose! What do you think?

By the way, I thought the last issue of the fanzine was well funny! I also hear on the grapevine that a copy found its way into the hands of the players and they thought it was great too! Good job some of them have a sense of humour I suppose!

Keep up the good work,  
Emma

Dear LTLF,

I've noticed at recent home matches that an advertisement hoarding has appeared on the roof of the Trent End for the first time – for the BMW dealer Sytner.

A sad sign of the times really. After all, it's a clear indicator that advertisers are cottoning on to the fact that Megson's Forest spend most matches these days simply hoofing the ball in the air, and that

Velociraptor

the roofs of the stands are therefore the area of the ground most likely to be in fans' field of vision.

Yours faithfully,  
James Dobson
